

Prayer Ideas:

1. Invite persons who wish to do so, to take out their phones and set a 10:2 alarm as daily reminder to pray for the harvest.
2. Prayer by pastor/individual for workers for the harvest
3. Prior to the service, invite four or five persons (young/old, male/female, Caucasian/other) to the stage to pray the 10:2 prayer in whatever way God leads them.
4. Break into small huddles to pray the 10:2 prayer:
 - a. Pray that God would call workers from our churches and send them into His harvest field.
 - b. Pray that God would call workers from the harvest (that persons who don't even know Jesus yet would become workers in the harvest after they know him).
 - c. Visualize a specific harvest field (neighborhood, city, country, etc.) and pray for the needs, asking God to send workers there.
 - d. Pray for the workers you know who are working diligently in new harvest fields, and ask God to send more workers to join them.
 - e. Pray that God would open our eyes to the harvest field He has already placed us in, and that we would also be open to work in new fields He might send us to.
5. Your idea of what would work well for your group.
